

3305 Nutritional and Food Policy

1. Vending Machines:
 - a. Maeser shall require that all agreements made regarding vending machines that are placed on campus shall be in writing in a contract form that shall be approved by the charter school governing board. This contract will be re-approved yearly within the first six weeks of school.
 - b. Vending machine income must be reported by the operator/owner of the vending machine to the board annually. These reports should be submitted at the completion of the calendar school year and no later than July of each year. Standard accounting procedures shall be used in completing this report including reports to the board of vending machine receipts and expenditures.
 - c. The vending machine operator shall donate a minimum of 15% of their annual income to Maeser. This money shall be used as designated by the budget committee of Maeser.
 - d. Vending machines may not operate during the hours that students are to be in class. Vending machines may operate before school, during lunch time and after class time is completed for the day.
